Maria Santos

Data Engineer - Lisbon, Portugal
maria.santos@inbox.example

Summary

Engineer with nine years of backend work, the last four of them building the data pipelines behind payment reporting.

Skills

Python, SQL, Apache Airflow, dbt, PostgreSQL, Kafka

Experience

2021 - today: Senior Backend Engineer, Tejo Payments (Lisbon)
Built the reporting pipelines in Python and SQL, scheduled with Apache Airflow; modelled the warehouse with dbt on PostgreSQL; streamed payment events from Kafka.
2017 - 2021: Backend Engineer, Ribeira Logistics (Porto)
Wrote the nightly exports that fed the planning team's dashboards.

Languages

Portuguese (native), English (fluent)
